A pristine 9-Hole Golf Course and driving Range at Eco Park, New Town

ECO PARK GOLF ARENA

"A pristine 9-Hole Golf Course and driving Range at Eco Park, New Town"

The 9-Hole Golf Course at Eco Park Golf Arena is designed and developed as per professional architect and designer advice. The course features exquisitely manicured and undulating greens, beautifully landscaped fairways with diverse plantation of trees & shrubs strategically positioned bunkers and enthralling water bodies.

The course is designed to test and challenge golfers of all abilities yet at the same time provides the perfect setting for beginners to learn the game of golf and enjoy a thrilling round of golf in a picturesque and peaceful setting. Special training is given to train and induct into getting students and youth from all walls of life. This is to spread awareness on Golf and to cast the net wide to spot talent.

The infrastructure at the golf course is built as per top international standards and features underground drainage system & automated irrigation systems to provide golfers with top-class playing conditions all your round.

The course designed by India's leading golf architectural company – Golf Design India, was awarded "The Best Regional Initiative for Golf in India" and was also named the winner of Best 9-Hole Golf Course at the Golf Awards 2018-19.

9-HOLE GOLF COURSE

The Driving Range at Eco Park Golf Arena is one of the longest and largest in the country. With 12 covered bays and multiple open turf hitting bays with flood lighting and latest swing analysis and teaching equipment, the Driving Range provides a perfect environment for new golfers to learn the game and for existing golfers to improve their skills.

DRIVING RANGE & PRACTICE ACADEMY

Further, adequate Golf Infrastructure and professionally certified trainers are available at Eco Park Golf Arena to help and train first time golfers as well as accomplished players. Eco Park Golf Arena also hosts various coaching camps and events to promote the game of golf and provide introductory sessions to first time golfers.

The Eco Park Golf Arena also boasts of a dedicated short game facility with a practice Putting Green, Chipping Green & Practice Bunker thereby giving the golfers comprehensive infrastructure and facility to learn and practice the game of golf.
