

GLASS HOUSE ON SABUJ SATHI AT ECO PARK (PRAKRITI TIRTHA), NEW TOWN

“Sabuj Sathi” is the name of an Island. This island is in centre of the huge lake of Eco Park. Its area is 7 acres. It can be accessed only by boat. This is an uninhabited island. Its population is zero.

On this Sabuj Sathi island an amazing glass house has been built. All four sides of this 2,800 sq.ft. building is made of glass. The 360° view of the Eco Park across the lake through the glass walls is simply spectacular and awe-inspiring. There are three open-air viewing galleries, green lawn and paved pathways in the island.

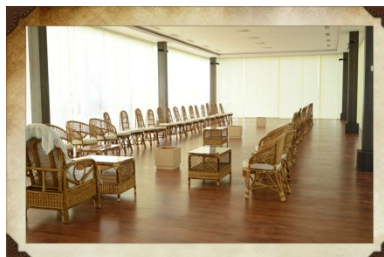

More than 100 persons can assemble in Sabuj Sathi island and glass house and its surroundings for official, corporate or family programmes.

Wedding / Birthday parties, product launches and brand promotion can be done in a tranquil environment that is possible only on the zero-populated island like Sabuj Sathi in Eco Park.

Create an out-of-the world experience for those who matter to you.
