Contact Telephone No	(033)2324-6060

**A. Scope of work/detailed specification for Design & Development of "QR Code Based Navigation App for Eco-Park".**

**1. Main Features / workflow:**

**Step 1:** Assuming the user is at the Eco Park's Gate, the user will scan a QR code (via the mobile phone's QR scanner) which will be present at the Eco Park's gate or somewhere near the gate presumably.

**Step 2:** Once the QR code is scanned, the user will be redirected to the App's download Link in the Google Play Store (For Android) or Apple App Store (For iOS) depending upon the Phone's Operating System.

**Step 3:** Then user will install the app. After downloading the app, the user will open the app. Consequently, the app will ask the user to enable the phone's location i.e., allowing the phone's location access is required.

**Step 4:** The user will see a map view (i.e., precisely the map of the eco-park) along with the source location set as the user's current location.

**Step 5:** The user can select a destination location from the destination location's searchable dropdown option. The Destination Location searchable dropdown's value will be predefined as per eco park's listed amusements, and other utilities/facilities.

**Step 6:** The app will now find the best route for the user by considering the travel mode as "By Walking".

**Step 7:** Once the search is done, the user can see the directions (i.e., from the source location to destination location) on the map view along with the distance (in meters or kilometres) and time to cover the distance by walking (in hours and minutes). User may follow the shown direction to reach the desired location.

2. The Design, development, database design should make the App with professional and corporate look user friendly, easy to access or navigate or should attract the visitor.
3. The App should be compatible for both Android and IOS platforms.
4. Annual Maintenance Services.

## **B. General Terms & Conditions:**

### 1. Submission of Quotation:

All quotation must be forwarded in sealed cover addressed to Mr. Subhankar Dutta, System Manager, HIDCO BHABAN, Premises No.35-1111, Biswa Bangla Sarani, 3rd Rotary, New Town, Kolkata-700156. so as to reach within the specified period.
